## **Load 75 RENT Edition**

With its huge loading area, the Load 75 offers almost infinite transport possibilities. At the same time, with its low centre of gravity and full suspension, it also brings outstanding driving dynamics to the road. The permissible total weight is 200 kg / 441 lb.

**Rental conditions: 5 £ per day = 540 £ for 3 months, payable once in advance.**

## **Packster 60 RENT Edition**

A large loading area and a permissible total weight of 200 kg / 441 lb means it has a large cargo capacity. Insulated containers for food transport can also be integrated with this model.

**Rental conditions: 4 £ per day = 360 £ for 3 months, payable once in advance.**
